Bat Pattern Chart

Colours:

W - White

G - Grey

DG - Dark Grey

Black border of DC

Odd rows bottom to top

Even rows top to bottom

Start in the bottom right and work up to the top left.

Once the square has been completed the border can be added using Black in DC. Chain 2 in the corners with 2DC in each block with a single DC between blocks.

I suggest marking the front with stitch marker to keep all tails and joins behind the block.
